AFTERNOON  
EDITION

SEWELL REPUBLICAN—1867.  
DAILY PUBLIC LEDGER—1868

EVERY BUSINESS MAN  
SHOULD ATTEND COM-  
MITTEE MEET TONIGHT

License and Laws and Ordinance Com-  
mittees Have Extended a Pressing  
Invitation to all Business Men  
to Attend Their First  
Meeting.

Every business man in Maysville  
should be present tonight at the Coun-  
cil Chamber to attend the first joint  
meeting of the License and Laws and  
Ordinance committees of City Council  
when they will take up for the first  
time the matter of licensing all busi-  
ness concerns in the city and making  
a complete revision of the city's licens-  
ing laws.

Council is planning to place a rea-  
sonable license fee on most every kind  
of business in Maysville but they are  
anxious that the business men be pres-  
ent at this first meeting to express  
their opinions on the matter before  
anything final is done. The mem-  
bership of these two committees include  
the entire membership of City Coun-  
cil and every councilman is anxious to  
have the expressed opinion of each and  
every business man before any action  
is taken instead of having it after the  
proposed licensing system is made a  
law.

There is every reason why the busi-  
ness men should be in attendance at  
this meeting and few why they should  
not attend. This first meeting will be  
simply to get-together affair in which  
the city officials hope to make plain  
to the business men the necessity of  
increasing the city's revenue and the  
reason for first considering the matter  
of licensing all business.

The meeting begins promptly at  
7:30 o'clock and will be held in the  
Council Chamber. Every business man  
in attendance will be permitted to ex-  
press his opinion on the proposed  
movement of council.

NEW METHODIST PASTOR  
COMES FROM STANFORD

Rev. W. D. Welburn, the new pastor  
of the First M. E. Church, South,  
comes to Maysville from Stanford,  
where he has been pastor for the past  
four years. Rev. Welburn is not a  
stranger to Mason county people, al-  
though they have not been in touch  
with him for several years. Some fifteen  
or twenty years ago he was pas-  
tor of the Methodist church at Germantown.  
He will take a charge of his  
new church on next Sunday morn-  
ing and his congregation will give him  
a hearty welcome.

COUNTY SCHOOL ENROLLMENT  
SHOWS INCREASE OVER 1918

Many More Pupils Are Enrolled in the  
Mason County Schools This Year  
Than Last—Mayslick School  
Leads All Others.

County schools opened in full blast  
on Monday and the enrollment is prac-  
tically every school in the county  
shows a decided increase over the en-  
rollment of last year. Especially is  
this increase noticeable in the Con-  
solidated High Schools of the county.  
Mayslick Consolidated High School  
leads all others in Mason county with  
a total enrollment of 314 pupils in all  
departments while the other High  
Schools follow close behind with  
a complete revision of the city's licens-  
ing laws.

Superintendent Turnpise is very  
much encouraged over the reports he  
has received and is looking forward to  
the most successful term the Mason  
county schools have ever had. The  
schools got started this year under  
better conditions than ever before.  
They have a full corps of teachers and  
the only hindrance that the schools  
have now is that the full supply of  
new books as ordered by the School  
Book Commission are not in the hands  
of the dealers but these are expected  
before the end of the present week.

LOCAL CHIROPRACTOR BACK  
FROM GREAT CONVENTION

Dr. Lambert, popular local Chiro-  
practor and wife, arrived home Mon-  
day evening from a trip to Chicago,  
Davenport, Iowa, and Omaha, Neb. Dr.  
Lambert went to Davenport to attend  
the annual convention of the Chiro-  
practors of the world and a great con-  
vention they held there being thou-  
sands in attendance. At Davenport is  
located the school of Chiropractic  
from which Dr. Lambert is a graduate.

POLICE COMMITTEE TAKING  
TIME ON CHARGES

The police committee of City Coun-  
cil is taking its time in hearing the  
charges placed against Policeman  
Dudley Bloomhuff, who is now sus-  
pended pending investigation. Chair-  
man Charles B. Davis has not yet cal-  
led a meeting of the committee to hear  
the charges and will not likely do so  
for several days.

**GRAND JURY MEETS WEDNESDAY**  
The Mason County Grand Jury will  
return Wednesday morning to take up  
their investigations where they left  
off late Saturday afternoon. It is ex-  
pected that the jury will be ready to  
make a report to court on Wednes-  
day but it is hardly thought that they  
will have completed their work by  
that time.

## ED. MORROW'S PLATFORM

"If in your wisdom you see fit to elect me Governor of the Commonwealth,

"I will enforce rigid economy in the collection and expenditures of the public funds, stop the leaks, abolish every useless office, and compel retrenchment in every department of State.

"I will take the black hand of politics from the throat of the State's charitable and penal institutions, and name a board for their control composed of men and women of such well known character and fitness that all will know that under such a board the evil of political domination will disappear forever, and that these institutions will be so operated as to reflect the real heart and soul and conscience of Kentucky.

"I will appoint a State tax commission, without regard to politics, composed of such ability and fitness as will fairly, justly and equitably discharge their duties—and if they do not do so I will demand their resignation and tell the State why.

"I will appoint a textbook commission, composed of capable trained men from both parties, and demand that their hearings shall be public. I will protect the school children of the State, and for their benefit will demand the passage of laws to take the departments of education in State and county out of politics.

"I will seek always and everywhere to promote real service, real progress, and a full return in benefits for every dollar expended.

"I will face the fact of the State's overwhelming debt, and by economy and a business administration of fiscal affairs seek to pay it without adding additional burdens to a sorely taxed people.

"I will not for political reasons appoint to office any unworthy or unqualified man, nor will I knowingly permit such an appointment by any public officer.

"I will not employ special attorneys at State expense, nor will I permit the settlement by compromise of State claims; but will compel them to be

adjudicated in the courts.

"I will not abuse or misuse the pardoning power, nor will I pardon any guilty man, nor will I use this great power for political ends.

"I will not barter or use my patronage to entrench my party or myself in power, but will seek alone the confidence of a people merited by a faithful, conscientious discharge of public trust.

"I will not while Governor of Kentucky, seek a nomination for any other office, nor will I become a candidate for any other public office.

"I will not deny to the people participation in their affairs, but by the widest publicity I will seek their advice, their confidence, and the expression of their will."

LOCAL BUSINESSMEN  
MAKE AN INSPECTION  
TRIP TO DAM 33

At Request of Government Superin-  
tendent Quite a Number of Busi-  
ness Men Visit Dam 33 to In-  
spect the Work That Has  
Been Done There.

At the request of Superintendent  
Hall in charge of the government  
work at Dam 33 just East of Maysville,  
Captain Horace J. Cochran, president of  
the Maysville Chamber of Commerce  
Monday afternoon accepted an  
invitation for a company of Mayville  
business men to visit the dam and inspect  
the work that has been done there for the past several years.

In extending this invitation at this  
time, Mr. Hall stated that the work  
was now in the best condition to see  
what had been accomplished. He  
stated that all of the work that had  
been done in the past was now visible  
but that in a very short time water  
would be turned into parts covering  
much of the work and concrete would  
be placed over the top of other work.  
He said that in the past visitors at  
the dam were unable to see what had  
been accomplished in the same manner  
that they could view it now and  
that now was the best time possible to  
see just what had been accomplished.

Many business men accepted this  
kind invitation extended to the Cham-  
ber of Commerce and the government  
steamer Miami came to the local wharf  
this afternoon and took quite a party  
of business men on the inspection tour.

Much has been accomplished by the  
contractors this year and the local  
dam will be the next one in the Ohio  
valley to be opened for use. It will  
control the water from this city to  
Vanceburg, where contractors this  
season started the building of another  
such dam.

OFFICIALS WILL ENDEAVOR  
TO KEEP INSURANCE DOWN

Mayor Russell and Fire Chief Newell  
Go to Louisville Meeting With Con-  
vincing Evidence—Hope to  
Keep Down Insurance  
Rates Here.

Mayor Thomas M. Russell and Fire  
Chief Newell left this afternoon for  
Louisville where they will attend the  
annual meeting of the Kentucky Fire  
Chiefs and where they will appear before  
a board of underwriters to protest  
against a proposed general increase  
of fire insurance rates all over  
the state of Kentucky.

The local officials think they have  
evidence that will convince the under-  
writers that from a fire loss stand-  
point Maysville is one of the safest  
cities in the whole of the United States.

While local property owners pay  
annually in fire insurance premiums  
from \$6,000 to \$70,000 the losses to  
the fire insurance companies in this  
city for the past several years have  
been as follows:

1915	.....	\$39,613.32
1916	.....	11,200.00
1917	.....	3,077.63
1918	.....	15,512.00
Thus far in 1919	.....	2,688.77

SCHOOL PATRONS FAVOR  
SHORT LUNCH PERIOD

The result of the vote of school pa-  
trons as taken in the public schools  
Monday on whether the noon lunch  
period should be 40 minutes or 60  
minutes in length was announced at  
the office of City Superintendent Cap-  
pinger this afternoon as follows: For  
10 minutes, 631; for 60 minutes, 179,  
which demonstrates that the patrons  
of the schools are overwhelmingly in  
favor of the short noon period. The  
shortest period, however, is 40 minutes,  
which is 10 minutes longer than  
last year's noon lunch period.

ty Superintendent Turnpise is to

latter part of this week. Local deal-

CAMPAIGN FOR HEALTH  
LEAGUE MEMBERS NOW  
WELL UNDER WAY

Workers in Each Precinct in the Coun-  
try Outside of the City of Maysville  
Have Been Selected and Have  
Accepted the Ap-  
pointments.

The campaign to increase the mem-  
bership of the Mason County Health  
League is now fairly well under way  
in every precinct in Mason county out-  
side of the city of Maysville, each pre-  
cinct now having a worker who has  
accepted the appointment and the two  
Maysville precincts having announced  
"over the top" with more than their  
quota of members enrolled.

Miss Annie M. Casey, Field Nurse for  
the Health League, announced today  
that she hoped to be able to announce  
the city workers within a day or so  
and she hoped that the six wards in  
the city of Maysville would enroll its  
apportionment within a very few days.

The new system under which the  
Health League is planning to work  
with a greatly increased membership  
will insure much more success to their  
work than even has already been ac-  
complished and will mean that hun-  
dreds of people in Mason county who  
have not heretofore been directly in-  
terested in health work will become  
interested by being identified with the  
active health organization.

The complete roster of precinct  
chairmen in Mason county outside of  
the city of Maysville now follows: For  
10 minutes, 631; for 60 minutes, 179,  
which demonstrates that the patrons  
of the schools are overwhelmingly in  
favor of the short noon period. The  
shortest period, however, is 40 minutes,  
which is 10 minutes longer than  
last year's noon lunch period.

## PART VIII.

"Say, but that Golden Girl does carry on alright! When she's not knitting or sewing, on tiny things for the Belgian babies, I've heard her tell about, or working at the Red Cross, as I've heard her say, she's out here helping the plants to push up their dreams. She cultivates 'em, she sprays 'em, she weeds 'em. She's after the cut-worms! She sprinkles the ground and those plants just grow and grow for her."

"And say! But the ills and roses over there, the forget-me-nots and the pansies haven't got anything on her for beauty and sweetness—eh, wot? Here she is now!"

I opened my eyes. The Scarecrow was standing as usual in the center of the flourishing garden. The Golden Girl came singing down the garden path with an overseas letter in her hands. She was singing an odd little song:

I come from the silvery land of the moon,  
Where the silvery fountains flow  
And the silvery silences softly croon  
And the silvery moonflowers grow!

I come from the vales of the silvery light,  
Where the white dreams wander through  
And the twilight fays in their hands so white  
Gather the silver dew.

I come from the land of the silvery moon,  
Bring a dream to you;

## TREASURY SAVINGS CERTIFICATE DRIVE OVER KENTUCKY

State is Called Upon to Purchase \$125,000 in Treasury Certificates—Campaign On During September.

The Savings Division, War Loan Organization of Kentucky has launched a campaign for September throughout the State for the sale of \$125,000 Treasury Savings Certificates. This is the quota that the Eighth Federal Reserve District, of the Treasury Department has allotted to Kentucky and Savings officials hope to do even better with this allotment than they did with the one given them for the last two weeks of August.

The report of the sale of the Treasury Certificates shows that the public is beginning to see the great value that can be obtained from the purchase of these Government Securities. During the last two weeks of August the Treasury Department asked Kentucky to sell \$66,000 in Treasury Certificates. The result was that the State went far ahead of the set quota, selling \$114,600 in the Securities.

Inquiries received by the Savings Division, of the War Savings Stamps in the State Offices in the Columbia Building, Louisville, show that prospective buyers are keenly interested in the offer made by the Government.

These Treasury Savings Certificates are issued in denominations of \$100 maturity value, and \$1000 and can be bought at any post-office, incorporated banks or trust companies who are qualified agents of the second class for the sale of War Savings Stamps, series of 1919. The Certificates are issued in registered form only. They bear interest at 4 per cent. per annum compounded quarterly and mature January 1, 1924. They are redeemable prior to maturity after ten days written demand and surrender of the Certificates to the office of the Secretary of the Treasury.

War Savings Certificates filled with twenty War Saving Stamps, series of 1919 may be exchanged for Treasury Savings Certificates in the denomination of \$100 and ten such War Savings Certificates may be exchanged for Treasury Savings Certificates in the denomination of \$1000.

Representatives of the Savings Division of Kentucky are now calling on the Unit members of the State asking them to grasp the unusual opportunity and buy Savings Certificates. Reports received shows they are getting good results.

This quota does not include the ordinary sale of War Savings Stamps and the indications point to the State having a big sale of Certificates.

Danville, Ky.—Joe Kendig and B. G. Fox bought ninety-four mule colts at Harrodsburg. They cost from forty to sixty-five dollars per head, and were shipped to Pennsylvania.

### POLITICAL PARAGRAPHS

Republican members of the Senate Foreign Relations Committee have adopted a strictly American policy. By a party vote they have diametrically opposed the wishes of the Democratic members of that body and have eliminated from the Versailles treaty every provision that the United States shall participate in the government and regulation of peoples everywhere on the globe by sharing on commissions, helping to mark boundaries, and naming mandatories. They have agreed that the American government and people have enough to do in the complete restoration of prosperity at home. Several of them believe that the plan to participate in foreign commissions as a result of the war is a clever plan on the part of the allied diplomats to get Uncle Sam to uphold permanently the division of spoils agreed to in the treaty.

Pursuant to the high-handed policy of the State Department, adopted to

wind all those seeking to go abroad nine months after the signing of the armistice, James H. Maurer and A. Epstein, members of the Pennsylvania Old Age Pension Commission, sent by the legislature of their state to Europe to study old age pension systems, were forcibly removed from the Lapland three minutes before that vessel sailed. Their baggage went on without them. They knew nothing of the causes of the outrage. Senators Knox and Penrose have been appealed to. The two men are understood to have incurred the ire of the Department because, as labor men, they had previously sought to cross the ocean to consult their fellow laborites in Europe. Application for the new passports was made three weeks before the effort to split and was granted by the State Department. They carried letters from Governor Sprout and others to Premier Lloyd-George and President Poincaré.

### CAMPAIGN FOR SEWANEE IS TO BE DISCUSSED

Maysville Man Heads Campaign in Kentucky for University of the South—Episcopalians Meet.

The fall convocation of the Episcopal church of the Diocese of Lexington will be held at the parish house of Christ Church Cathedral, Lexington today and tomorrow and the annual meeting of the Woman's Auxiliary of the diocese will be held at the same place Wednesday.

The afternoon session the first day will be given over to a discussion of the University of the South at Sewanee, Tenn., and its relation to the church. The movement to obtain an endowment to enlarge the institution this fall will be discussed by prominent men of the church, among them Vice Chancellor A. W. Knight, of Sewanee; the Rev. Henry Phillips, chaplain, also of Sewanee; S. L. Postlewait, Washington, D. C., and Major J. W. Whittaker, of Chattanooga, Tenn.

Hon. W. H. Cox of this city, is chairman of this campaign for the State of Kentucky.

Following the speeches there will be an informal discussion lead by Dean R. K. Massie, of the Cathedral. Those present will be given an opportunity to ask questions and obtain information desired in regard to the university and its relation to the churches of the South.

Deacons and Officers of First Baptist Church meet tonight at church.

#### OUR COLORED CITIZENS

All our girls in the Domestic Science Department are now working out with the exception of three. We would like very much to get homes for them at once. They are useful, neat, dependable, likable girls, between 14 and 16 years old.

This department has placed among good white homes 31 girls of this year's and last year's classes. Because of this fact that is, so many of our girls working out, we shall have articles in each one of the local papers on each Friday on "Cooking and Service." These articles are primarily for the girls of this department who are in service. We hope the articles will be of help to the cooking profession generally.

The subjects discussed in Friday's issue will be "The Purpose of This Domestic Science Department" and "Cooking as a Profession."

Buy in Maysville. It pays.

### LEAKS IN PUBLIC FUNDS AND USELESS OFFICES EXPOSED

Edwin P. Morrow Opens State Campaign With Heavy Artillery Training on Opponents Exposing Broken Promises to the People.

Edwin P. Morrow, Republican nominee for Governor of Kentucky, made the opening speech of his campaign in Pikeville Monday afternoon in the presence of a tremendous crowd.

Mr. Morrow was introduced by Hon. J. W. Langley, Representative in Congress from the Tenth District, who created great enthusiasm by his prediction that Mr. Morrow and his associates on the Republican State ticket would be elected by majorities ranging from 15,000 to 25,000.

Mr. Morrow's speech set a high mark for his opponents. His expose of the wreckless management of the State's finance and his denunciation of the inhuman and unscientific treatment of the unfortunate wards of the State in the charitable institutions made a deep impression upon his audience.

Mr. Morrow's speech was in part as follows:

"Fellow Citizens:

"Again the time is at hand when Kentucky must choose its public servants. This is, and should be, an hour of accounting — when the people should take stock of their business—check and balance; when they should reward and endorse the faithful, efficient servant who has given them the benefit of good government; when they should rebuke and condemn their unworthy, unfaithful servants who have brought upon them the ills of bad government.

"Four years ago, in a campaign which stirred the State to its depths, betrayal of public trust was made manifest; the wretched condition of the State's business was made known; drains and leaks and thefts from the public treasury were disclosed; broken covenants were laid bare; and the marks of the strangling death-grip of the old political order was shown upon the fair throat of the State. In that campaign the people were urged to rebuke their betrayer; to condemn those who despised them, and by a verdict of guilty at the polls, to establish a higher standard of political faith government and service. But those who serve the people today, and some of those who want to serve it tomorrow, made fair and wonderful promises of economy and reform to stop the leaks in the treasury, to destroy the useless job holder and to give a faithful, efficient business management of fiscal affairs. Under those assurances, a people wedded to their idols, thinking more of their party than they did of their State, withheld their condemnation and gave a vote of confidence to a wretched, faith-breaking administration, and elected to public office those who serve you today.

Four years have come and gone under the present administration which has had full, complete and absolute control of every department of State. What today are the known and admitted facts? What today is the verdict already made in the heart of the people? What does your stock taken show? No economy, no saving but increased expenditure in every department of State; no heeding of useless officers; no stop to the drains and leaks; no lessening of tax burdens, but everywhere increased taxes and assessments; no demonstration of business capacity, but policy of utter carelessness resulting in the loss of millions of dollars, and a wastefulness which has robbed the people of thousands.

"Pledged to the most rigid economy" in the management of the public business, the present administration has not wiped out a dollar of the public debt; has not saved a penny of the public funds, but has laid increased taxes and assessments and has increased expenditure in every department of State. This administration has collected in taxes and revenue, from the people, more money than was ever gathered by any other administration. Its total collection of \$11,000,000 more than the Wilson administration and more than \$6,000,000 more than the McCrory administration. Although these enormous additional amounts have been collected, the State interest bearing debt has not been reduced but has grown steadily year by year.

"This same administration upheld, endorsed and praised by my Democratic opponents, made the following promise to the people of Kentucky:

"We favor the immediate abolition of all useless offices."

"They promised to 'head the fire putters out,' to send 'the forestars back to the farm' and to 'turn on the light.' What has been the fulfillment? None, absolutely none. No abolition of useless offices, no heeding of fire marshals, no sending of city forestars back to the farm. Nay! Nay! the 'faithful' must be fed, the deliverers

### COLUMBUS IS SWAMPED BY OLD BOYS IN BLUE

Reunion of the G. A. R. at Columbus Promises to Eclipse Former Meetings—Attendance May Reach 250,000.

Columbus, September 8.—Its housing facilities already strained, this city tonight, the mecca of the Grand Army of the Republic, women's roller corps and other patriotic organizations was facing the proposition of caring for approximately 100,000 additional population, with an additional 50,000 by tomorrow evening. Almost frantic are the appeals made by the housing committee this evening for rooms as thousands of the old veterans and others poured into the city. "But all will be taken care of," the committee declared.

It has great healing and antiseptic value. It possesses so much healing virtue that it is guaranteed by J. Jas. Wood & Son to relieve any kind of piles, eczema, tetter, salt rheum, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains, and chapped hands, or money back.

It's a mighty handy remedy to have in the house in emergencies for bruises, burns, cuts or scalds, because it relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 30c, 60c and \$1.20 a jar at J. Jas. Wood & Son.

Since Saturday every regular train entering the city has brought delegations of the "Boys in Blue" in numbers ranging from fifty to three thousand. In addition, dozens of special trains from the Pacific and Atlantic coasts have poured almost a continuous stream into the over-augmenting numbers. All day long delegations, headed by life and drum corps, marched through the streets to the registration headquarters. Automobiles hauled those too infirm to march, but in most instances the proffered machines were waved aside. From California, Texas, Maine and Florida they came. Commander Adams stated today that he expects fully 250,000 visitors during the week.

THREE KILLED IN INDIANA RIOTS

Hammond, Ind., September 9.—Three foreigners are dead, two are dying and 25 are wounded as the outcome of rioting here early today by striking workers of the Standard Steel Car Co. on strike for six weeks. The rioting broke out this morning when 400 foreigners with a uniformed soldier carrying an American flag marched through the streets in an alleged attempt to prevent 150 American employees from returning to work at the plant.

BOSTON—Samuel Gompers, president of the American Federation of Labor, arrived here Tuesday after losing a race with death. His father, Solomon Gompers, 91, died Monday night at the home of his daughter.
